

Health & Safety Policy Statement

Solway Precast Products Limited fully recognise its responsibilities under the Health & Safety at Work act 1974, to provide a safe place to work as is reasonably practicable. In so doing it also acknowledges its moral responsibility to take care for all its employees through the provision of adequate resources, information and training to allow the delivery of Health & Safety.

The company will endeavour to:-

- Provide a safe and healthy working environment, information, instruction, training and supervision as is necessary to ensure the Health and Safety of all its employees
- Provide and maintain plant and safe systems of work which are safe and without risk to employees safety and health
- Provide arrangements for safe handling, storage, transportation of all articles associated with the operation

In order to implement the Safety Policy the company will have organisational and procedural arrangements which will ensure safe systems of work will be followed within the work place.

Full range of personal protective equipment identified for the task with the production process must be worn at all times.

All Employees have a responsibility to:-

- Take reasonable care of the safety of themselves and other persons who may be affected by their actions at work.
- Co-operate with their employers to enable statutory provisions to be enforced.

Site management are available for advice or information on any matters relating to Health & Safety at all times.
